Short-Term Investments That Are Safe

Satisfactory short-term investments in the shape of stocks and bonds are not readily found. Most of the choice securities have a number of years to run.

However, there is one security that we can recommend without any reservation whatever to those having funds for short-term investment—our interest-bearing Certificates of Deposit.

Any amount from $1.00 up can be invested with the assurance of absolute safety and for such time as is desired. They will be found just as satisfactory for long-term as for short-term investment.

You are invited to call on us for full details.

THE GREATEST FARMER IN THE WORLD

One-fourth of the wheat we grow is the result of the researches of the Government. After years of untiring experiment and investigation, the Government, through the Department of Agriculture, was enabled to introduce into this country the remarkable Durum wheat through which our production has been increased fully twenty-five per cent. This has been only one of many surprising but little-known accomplishments of the Government, which are covered in the interesting series of stories for which we have the exclusive right of distribution in this community.

Brothers and Sisters of Hardy Family Reunion

Last Wednesday the children of the late Thos. J. Hardy and Lucy E Cheatelle met at "Bloomfield", in Appomattox county, the old home of the family, and present home of T T Hardy. The family reunion was one of marked success. All the children were there, 8 in number, all apparently in good health. This was the first time in 36 years that they had all been together and while each child's family could not be present, four of them were those of T. T. Hardy, J. W. C. Hardy, K. S. Hardy, and Mrs Rosa J. Megginson. Three of the sisters have grandchildren, Mrs Lucy H. Hubbard, Mrs. E. L. Jennings and Mrs. C. W. Abbitt. Two of these were present.

T. T. Hardy was toast-master and the responses were given in a few well chosen words by his sister, Edmonia Hardy

Besides the family a few near relatives and close friends were present to share the happiness of the occassion. A beautiful dinner was served in picnic style The fine water melons, cantaloupes and other farm products attested the wonderful upkeep of the old homestead.

After photographs were taken of the original family and their families, the crowd repaired to the parlor, where music and singing were enjoyed for a while. The reading of "The Old Maid" was well rendered by Caroline Hardy. After a few social chats and the swapping of a few past experiences in the old home, the sisters and brothers visited the graves of their beloved parents placing flowers thereon The family then separated amid goodbyes and departed to their respective homes

Are you getting anything ready for the fair? There is not a farmer in Appomattox county who could not exhibit something grown on the farm There is not a housewife who does not excel in some one thing and the boys and girls who are about to out do their parents in the art of farming and housekeeping should all be represented at our county fair this year. Lets all "pull together" and make this a banner year.

Squirrels are ripe and one can hear the shot gun "shooting" which is a gentle reminder that Jack Frost is in their wake and that grim winter will soon be upon us.

When we think of the untold suffering that is bound to be thrust upon humanity in the next few months, we wonder how many have looked for the cause or realized that this old world is on its "last legs" and is utterly incompetent to govern itself and that God is about to set up His government. We have but to hear the "still small voice" then all shall know that I am God and He said: go forth and stand upon the mount before the Lord and behold the Lord passed by and a great and strong wind (war) rent the mountains (government) and brake in pieces the rocks before the Lord, but the Lord was not in the wind (war) and after the wind (war) an earthquake (revolutions) but the Lord was not in the earth quake and after the earthquake fire (troubles) but the Lord was not in the fire and after the fire the still small voice (God's) 1 Kings 19 chapter and 11 and 12 verses. Who would not be glad to know that the time is near at hand when the knowledge of the glory of God shall fill the whole earth so completely that none shall need to say to his neighbor "Know thou the Lord, for all shall know him from the least to the greatest" Jer 31 34.

The Way of the World.

The world usually pushes a man the way he makes up his mind to go. If going up, they push him up; if going down, they push him down—gravitation, however, making the speed greater on the decline.—George Francis Train.

Has Bettered Humanity.

Every heart that has beat strong and cheerfully has left a hopeful impulse behind it in the world and bettered the tradition of mankind. —Stevenson.

Individuality.

Individuality is the salt of common life. You may have to live in a crowd, but you do not have to live like it, nor subsist on its food. You may have your own orchard, you may drink at a hidden spring. Be yourself, if you would serve others.—Henry Van Dyke.
